Docket No. MC2012-13

CHAIRMAN'S INFORMATION REQUEST NO. 2

(Issued May 22, 2012)

Pursuant to 39 CFR 3015.6, the Postal Service is requested to provide a written response to the following question. The response is due no later than May 29, 2012.

In response to Chairman's Information Request No. 1, the Postal Service reported that the FY2011 attributable cost for Alaska Bypass Service was \$7,399,745. The Postal Service explained that it relied on data from the Surface Air Management System (SAM-S). However, the 2011 Annual Compliance Report suggests that the attributable cost for Alaska Bypass Service was \$8,674,985.<sup>1</sup> Please reconcile the two values and explain why the SAM-S value is preferred.

By the Chairman.

Ruth Y. Goldway
